DETAILED ACTION

Allowable Subject Matter

Claims 1-50 are allowed.

The following is an examiner's statement of reasons for allowance:

The claims are considered patentable because of the inclusion of the claim limitations, side walls and end walls each being formed with a thin portion at an intermediate position thereof to allow the case to fold down at the thin portion and a pack received in the case, that is not taught by or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Other Prior Art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Yoshida (USPN 4,984,023) discloses a toner cartridge with side walls that fold down.

Tsurusaki (JP 2000-272664) discloses a liquid toner container including a carton folded from a single sheet and a collapsible inner bag.
